## HD55i Product Fiche

|   |                     | Unit      |
|---|---------------------|-----------|
| Supplier's name                                 | Rinnai UK           |           |
| Supplier's model                                | REU-VCM2837FFUDHD-E |           |
| Declared Load Profile                           | XL                  |           |
| Water heating energy efficiency class           | A                   |           |
| Water heating energy efficiency ( $\eta_{wh}$ ) | 82.4                | %         |
| Annual electricity consumption (AEC)            | 8                   | kWh/annum |
| Annual fuel consumption (AFC) - (Hs)            | 18                  | GJ/annum  |
| Temperature setting                             | 55                  | °C        |
| Indoor sound power level (LWA)                  | 67                  | db        |

Values tested with appliance set @60°C - Gas: G20mbar - High calorific value (Hs) - According to Reg. UE 812/2013.
